Instructions en Francais Pour SWIV

S.W.I.V. – SPECIAL WEAPONS INSTALLATION VERIFICATION

Objectif premier: vérifier l'existence des installations des armes secrètes ennemis en vue de les détruire.

S.W.I.V. – SPECIAL WEAPONS INTERDICTION VEHICLES

Objectif second: mission d'interception: la destruction par la force armée de toutes les unités ennemis.

S.W.I.V. – SILKWORM IV

Attention! Soyez extrêmement prudent. Les unités ennemis possèdent des armes mortelles, dont le missile à tête chercheuse, SILKWORM IV, dans sa version améliorée.

Les instructions de chargement et les contrôles:

Amiga/Atari St

Insérez la disquette dans le lecteur puis allumez votre ordinateur. Le jeu chargera automatiquement.

Les contrôles:

vous pouvez jouer avec un joystick ou le clavier. Les modes de contrôle standards sont les suivants:
L'hélicoptère: le joystick (connecté au port 2 sur Amiga ou au port 1 sur Atari ST). La jeep: le clavier.

Pour modifier ces contrôles, appuyez sur la touche "HELP" pour accéder à l'écran de sélection du mode de contrôle. Appuyez sur les touches F1 à F3 pour modifier les contrôles de l'hélicoptère. Appuyez sur les touches F6 à F8 pour modifier les contrôles de la jeep.

S.W.I.V. – SPECIAL WEAPONS INSTALLATION VERIFICATION

Obiettivo primario: verificare esistenza armi segrete nemiche effettivamente installate e distruggerle.

S.W.I.V. – SPECIAL WEAPONS INTERDICTION VEHICLES

Obiettivo secondario: missione proibita – distruzione di tutte le unità nemiche.

S.W.I.V. – SILKWORM IV

La missione si sta scalando: si richiede la massima cautela. Unità nemiche sono armate con strumenti bellici mortali, incluso lo straordinario missile SILKWORM IV, che ritorna automaticamente alla base una volta lanciato.

Instruzioni di caricamento & controllo

Amiga/Atari ST

Inserisci il disco nel drive ed accendi il computer. Il gioco caricherà e girerà.

Controlli – SWIV può essere giocato usando il Joystick o la tastiera. Le modalità d'uso standard sono:

Elicottero: Joystick (porta 2)

Jeep: Tastiera

Per cambiare le modalità d'uso standardizzate, premi il tasto 'HELP' per poter accedere al controllo per la selezione. Usa da F1 a F3 per cambiare i controlli dell'elicottero. Usa da F6 a F8 per cambiare i controlli della Jeep.

Joystick – Muovi il Joystick per controllare il veicolo ed il bottone per sparare. Tieni basso il fuoco per otturare il cannone della Jeep in caso di conversione.

Tastiera – CURSORE per controllare il veicolo, SHIFT – fuoco. Tieni basso il fuoco per otturare

il cannone della Jeep in caso di conversione.

ALT – Salta (Solo la Jeep).
