## CASSETTE LOADING ADVICE

We test cassettes thoroughly and you shouldn't have any problem in loading this game. If you do have difficulties, though, the following may help:

1. Try the other side of the cassette.
2. Load another game from cassette, to check everything's connected.
3. Vary the volume and tone settings on the recorder if you can (fairly loud and fairly "high" should work best).
4. Clean and demagnetise the recorder (following the maker's instructions).
5. Can you try another recorder (or one of another type)?

## GUARANTEE:

We'll replace the cassette/disk/microdrive cartridge of this game if you return it to Level 9. If you have any problems in the month after purchase, a replacement of the same type is free.

Otherwise, please enclose £1 for a replacement cassette or £2.50 for a disk/microdrive cartridge (if available). Add £1 if outside the UK.

## OTHER GAMES

Level 9 Adventures are available from good computer shops. We currently have over 100 different product lines (not all listed here) and as we don't expect shops to stock all of them, we run a mail order service.

To get a FULL COLOUR POSTER, with more details of Level 9 Adventures on the back, please write to us enclosing a stamped, self addressed envelope at least 9" by 6".
