### Loading instructions

#### cassette version

- 1 Place the MIX and MATCH cassette in your cassette player and rewind to start of tape.
- 2 To load, press <LOAD>, type "mm" then press <ENTER>.

NB: Each side of the cassette contains the program.

- 3 Press <PLAY> on the cassette player. The program will begin to load. You will see the SCETLANDER title screen whilst this is happening. When loading is complete (approximately 5 minutes), you should stop the tape. Go now to **Getting started** on page 10 of your Parent/Teacher Guide.

#### +3 disc version

- 1 Insert the MIX and MATCH disc in your disc drive.
- 2 Reset your computer by pressing the <RESET> button on its left hand side. A menu will appear with the 'Loader' option highlighted.
- 3 Press <ENTER>. The program will begin to load. You will see the SCETLANDER title screen whilst this is happening. When loading is complete (approximately 30 seconds), go to **Getting started** on page 10 of your Parent/Teacher Guide.

## MIX and MATCH

Welcome to MIX and MATCH. We know you are anxious to get started, but please spare just a few minutes to study these notes. It could save time and frustration later!

Your Parent/Teacher Guide contains some information which does not apply to the program for your computer. The exceptions are listed below along with other important information.

### Before you start - README

Spectrum versions contain no README files. Ignore this section in your Guide.

### About the program

Your program does NOT contain the following:

- ★ progress recorder
- ★ switch facility
- ★ clock and calendar
- ★ results monitoring facility
- ★ selectable number of boxes.

All references to these in the Parent/Teacher Guide should be ignored.

A graphics editor is not available for Spectrum versions.
