

# SMASH 16

## 16 arcade hits

Choose the game that you wish to play and find the tape with the name of the game printed on it. Place it in your tape player with the title facing up. If the game is the second one named it will be recorded after the first. Reset the tape counter then forward wind your tape to the start of the second game. Note the number on your tape counter down so you can find it quicker the next time you use it. Then follow the instructions for your particular computer.
