AFTER DECADES OF WAR
A LONE HERO RETURNS.

TO THE PLANET . . .

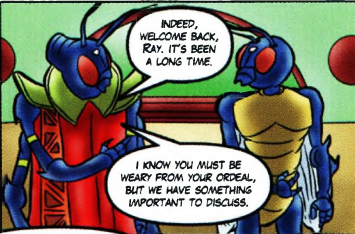

. . . HE SAVED.

HOO-RAY!

INDEED,
WELCOME BACK,
RAY. IT'S BEEN
A LONG TIME.

I KNOW YOU MUST BE
WEARY FROM YOUR ORDEAL,
BUT WE HAVE SOMETHING
IMPORTANT TO DISCUSS.

THEY ARE
THE COMPANY RESPONSIBLE FOR
RELEASING SOME OF THE FINEST ZX
SPECTRUM GAMES IN THE COSMOS.
LIKE THIS ONE.

HAVE YOU
EVER HEARD OF,
MONUMENT
MICROGAMEST

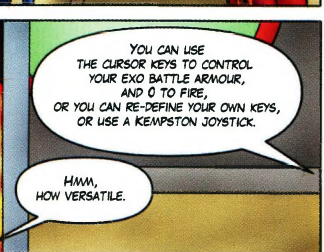

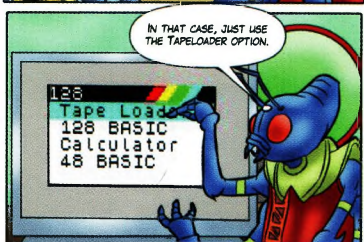

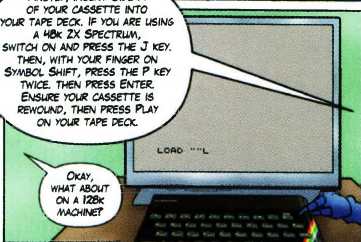

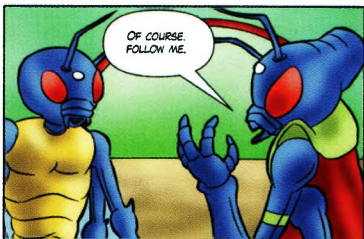

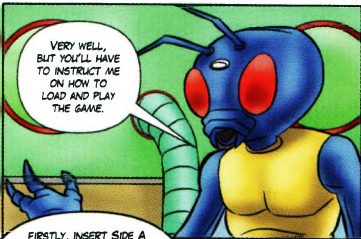

AND NOW
THEY HAVE STRUCK A DEAL
WITH LUCA BORDONI TO
PUBLISH A GAME BASED
ON YOUR STORY.

HMM, I'M
MORE OF A CROSOFT
MAN MYSELF.

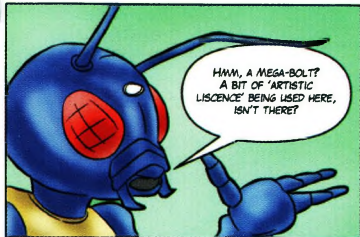

THAT MAY BE SO,
BUT IT HAS NOW BECOME
YOUR DUTY TO PLAY THIS GAME
AND GIVE IT YOUR SEAL OF APPROVAL,
SO THAT THE POPULATION OF
OUR WORLD CAN SHARE IN
YOUR GLORY.

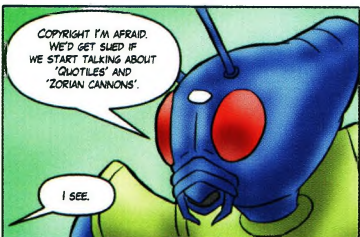

YOUR MISSION IS TO DEplete THE ENEMY BARRIER, SHOOT A CHANNEL THROUGH IT, THEN BUILD UP ENOUGH ENERGY TO FIRE A MEGA-BOLT THAT WILL DESTROY THE ENEMY CRAFT.

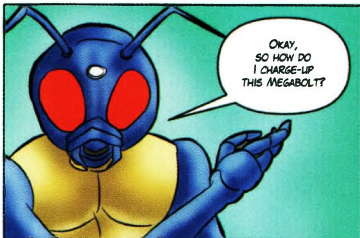

HMM, A MEGA-BOLT? A BIT OF 'ARTISTIC LICENCE' BEING USED HERE, ISN'T THERE?

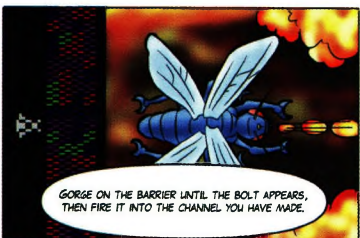

COPYRIGHT I'M AFRAID. WE'D GET SUED IF WE START TALKING ABOUT 'QUOTILES' AND 'ZORIAN CANNONS'.

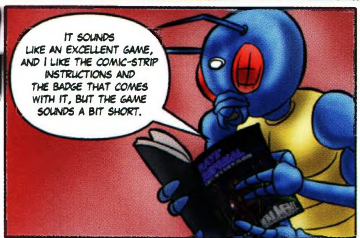

I SEE.

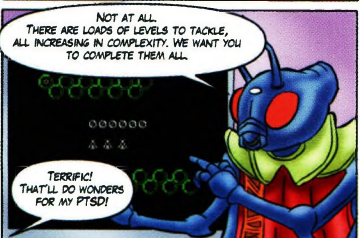

OKAY, SO HOW DO I CHARGE-UP THIS MEGABOLT?

GORGE ON THE BARRIER UNTIL THE BOLT APPEARS, THEN FIRE IT INTO THE CHANNEL YOU HAVE MADE.

IT SOUNDS LIKE AN EXCELLENT GAME, AND I LIKE THE COMIC-STRIP INSTRUCTIONS AND THE BADGE THAT COMES WITH IT, BUT THE GAME SOUNDS A BIT SHORT.

NOT AT ALL. THERE ARE LOADS OF LEVELS TO TACKLE, ALL INCREASING IN COMPLEXITY. WE WANT YOU TO COMPLETE THEM ALL.

TERRIFIC! THAT'LL DO WONDERS FOR MY PTSD!

*Hi to all Monument friends
in this slightly weird section
of our lives.*

Wishing you all the very best.

Stay safe, well and happy.

Lots of love from Graz & Patti
