Instructions

Our friend McBain has a mission: he must find and deactivate three atomic bombs owned by nazi-communists. It won't be easy: soldiers, robots and predators will make it difficult.

You can find tools, needed to deactivate bombs.
*Keyboard*: QAOP + space to shoot or use tools.

Enemies:

If they touch you, you lose power.
Soldiers: sometimes they pursue you. You can shoot them.
Predators: dangerous shadows. Bulletproof.
Rumba-drons: a bit fool but bulletproof.

Elementos a destacar en el mapa:

Ground: you can walk here. Bridges included.

Agua: keep away!

Rocks: you can't go through them, but the ones from the second images can be moved.

Armoured doors: only can open them with dynamite.

Items to take:
- Power: it increases life.
- Tools: kept in your backpack. *You can use every tool only once*.
- Dynamite: it open armoured doors if you stay next one of them.

Bomb: There are three of them. Deactivate every bomb with a toolkit (shooting next to the bomb).

Dashboard:
- *Radiactivity*: every triangle means there is a bomb pending to deactivate.
- *Backpack*: toolkit counter.
- *Power*: when it comes to zero, game over!
- *Dynamite*: we can open armoured doors with everyone.
