

THE BIG SLEAZE 2.5

NOTES FOR TESTORS

GET ALL is enabled in this version

Player can carry 10 items – this will be reduced

Time effects are disabled – you can WAIT but things stay open

Speech is handled by ASK <character> ABOUT or TELL <character> <something>

You can GIVE <something> TO <characters>

No scoring!

A lot of WAITing in the solution – usually to fire events that would happen as players explore and play as usual

EXPECTATIONS

It's my first-ever adventure, written for the majority powered by caffeine and enthusiasm.

It will be released as a freebie, thus hope you can keep this in mind.

BUGS / SPELLINGS / RECOMMENDATIONS

Lots exist – but I'm impatient!

A few verb/noun problems, some graphics don't appear for some reason ... !

Please if you can put together a single document with your bugs and recommendations I'd appreciate it!
